SDG Peace and Partnerships

SUSTAINABLE DEVELOPMENT GOALS
17 GOALS TO TRANSFORM OUR WORLD

16 Peace, Justice and Strong Institutions

16 PEACE AND
JUSTICE

With more than 50 million people displaced by conflict and violence throughout the world, universal collective responses aimed at dealing with the main causes of insecurity and violence are necessary. SDG 16 represents a great opportunity for ensuring multilateral action, focused on the people and founded in development, to prevent future violent conflict.

17 Partnerships for the Goals

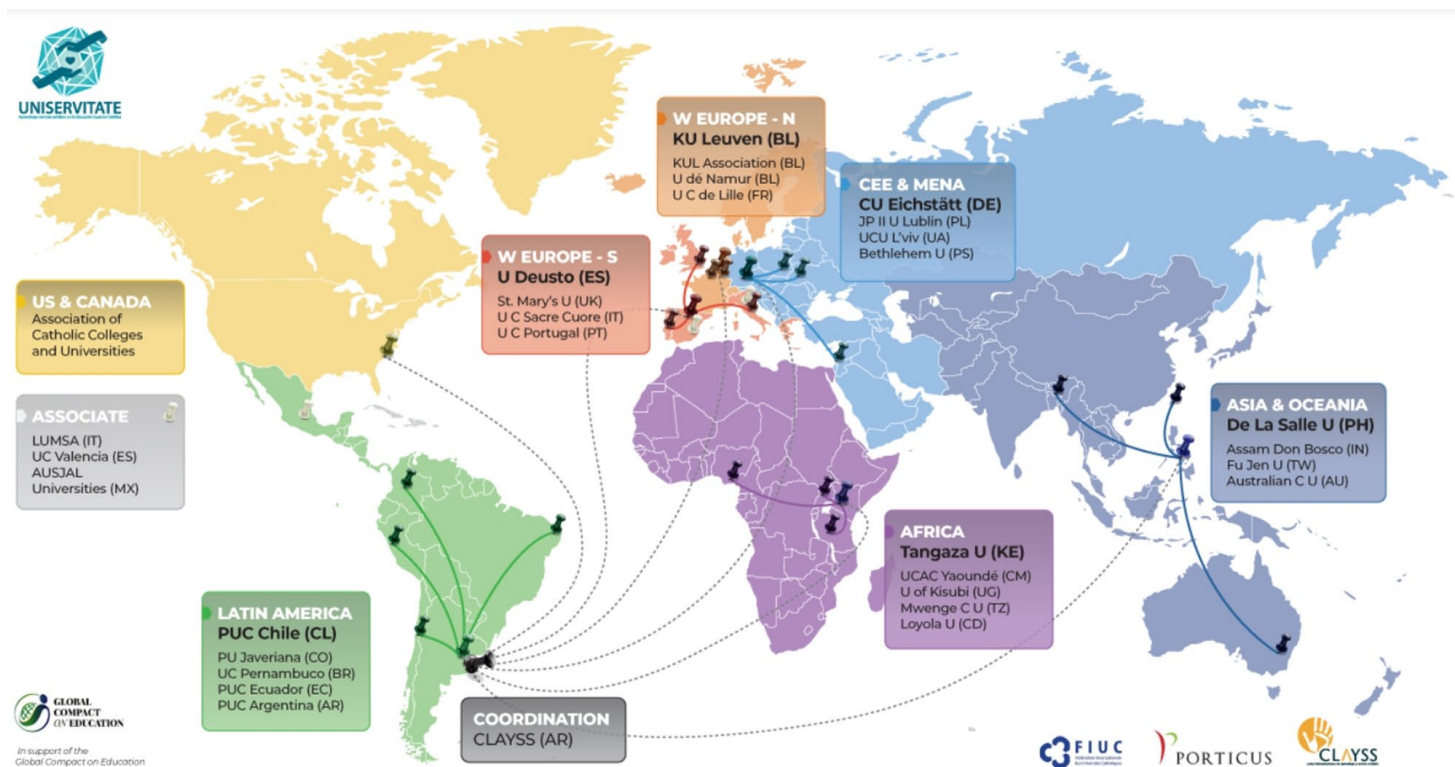

17 PARTNERSHIPS FOR THE GOALS

One important aspect of SDG 17 is that it binds the other goals together. For one, it is quite content heavy as compared to other goals and subdivided into five crucial components; finance, capacity building, systemic issues, technology, and trade.
